

The CREEKS

A beautiful life.

“ We love living in The Creeks because of the proximity to nature. It’s just a short walk to the creek, our own piece of country in the city! ”

Erin Muir

beautiful

PHASE 7 STAGE 4

Phase 7 Stage 4 in The Creeks includes some of the most beautiful lots we have to date. We have continued to build upon the aspects residents in The Creeks have come to enjoy such as wide, tree-lined streets, decorative street lights, and an extensive pathway system through manicured parks and an environmental reserve.

This drawing is provided for your convenience only. AECOM Canada Ltd. and WSP Canada Inc. do not assume liability for its use. You must refer to the registered plans for exact lot and easement locations or dimensions. Dimensions are in metres and decimals thereof.
